

Anti-Mall Message

Chances are that every message to a legislator will be given to his secretary or a staff member. Therefore each caller should remember to get that persons name and the also get the Senators e-mail address and fax number.

It is IMPERATIVE that every call should be followed up with an e-mail and fax (if possible) to every legislator contact made.

This has to be done every single day this coming Tuesday, Wednesday and Thursday.

Good morning/afternoon Representative or Senator_____.

My name is Mrs. or Mr._____. I am an independent voter and I reside in Bluffton South Carolina.

I am calling to ask that you **NOT** support S 1054 which is the pending bill regarding a proposed Sembler Mall in Beaufort/Jasper County.

I do NOT feel that any taxpayer money should be used to subsidize any kind of a retail endeavor!!

Almost every single local shopping location in Bluffton/ Jasper have a great many vacancies, including the Shelter Cove Mall on Hilton Head, which has recently filed for bankruptcy.

Both Tanger outlet malls in Bluffton are half empty.

Existing local businesses down here are trying to survive in this terrible economy.

These retail businesses should NOT have South Carolina taxpayer dollars used by Sembler or any kind of retail outlet which may very well drive them out of business.

I agree with my Senator Tom Davis, in opposing the Sembler bill and ask that you support him on this very important issue.

I sincerely hope that you keep my views in mind when considering the bill.

Thank for your valuable time and for giving me the opportunity to express my views on this important matter.
